Health and Safety Announcement

Controlling the Use of Photographic Equipment

The meet organisers are well aware of the wide range of devices including mobile telephones which have photographic and filming capabilities. This enables the capture of both static and moving images. It should be acknowledged that the majority of images taken within Scottish Swimming licensed meets are appropriate and taken in good faith. However, images of children and adults can be misused, and sharing images widely without consent may betray a confidence or identity of a child or adult, which could present a risk of harm to that individual if common sense procedures are not followed.

Parents and carers of participants under the age of 18 who wish to take images are requested to focus on their own children as much as reasonably possible and to avoid including other children in images, particularly if those images are being shared with family and friends or through social media platforms.

Whilst it is acknowledged that parents/carers wish to celebrate the achievements of their own children when taking part in aquatic events, it should be recognised and respected that other parents/carers may not wish for their child's images to be taken and shared in this way.

The meet organisers are committed to ensuring that all children who participate in this meet are able to take part in an enjoyable, safe environment and be safeguarded from harm. If there are any child safeguarding concerns at the event please contact the Events Convenor immediately to disclose your concerns.

Transgender & Non-Binary Competition

The Scottish Swimming Transgender & Non-Binary Competition Policy was implemented on 1st January 2024. The policy and FAQs can be found [HERE](#). Any policy related matters that arise during the event should be reported to and will be recorded by the Meet Convenor/Lead Referee and these matters will be communicated to and managed post event by the relevant Scottish Swimming Staff. At no point will members be challenged on the day of a competition with any matters being resolved post event. By entering the Female category, athletes are therefore confirming their birth sex is female and are eligible to compete in the Female category.

Safeguarding

The primary safeguarding point of contact for the event in relation to wellbeing & protection matters or accidents is the Meet Organiser. The secondary point of contact is the Scottish Swimming Safeguarding Manager.

Scottish Swimming Swimsuit Policy

Please note that for swimmers aged 13 or younger, the Scottish Swimsuit Policy will be in place. Please make sure your swimmers/parents have read the policy and understand which suits can / cannot be worn ahead of the weekend. If they are wearing one of the suits which have been banned for this age group, they will not be allowed to compete.
